The Democrats of Monongalia county will probably put up John J. Brown against Major McGraw, the Republican candidate for the Senate.

The Greenback element in Upshur county held a demonstration to-day at Rockwell. Both T. G. and D. D. T. Greenback (Democrat and Republican) among those announced to take part in the demonstration.

On a recent trip over the Baltimore and Annapolis route, several shippers here and at other points have remarked to us on the indications of reviving trade.

The Adams Express Company will carry contributions of money to the yellow fever sufferers of the South free of charge. Any person wishing to send money in that way will be afforded every facility by Mr. Williams, the agent of the Company in this city.

The Pittsburgh Manufacturer of yesterday says that there is a stiffer and better feeling on the part of the holders of iron and steel bonds will not sell so low as they did thirty days ago by from fifty cents to one dollar per ton.

The Manufacturer still reports the Nail trade as "unsatisfactory."

Dr. Ray, Transit, of Grafton, the preacher who believes that baptism is an essential practice, is apparently short of legitimate occupation, inasmuch as he proposes that he make war on the Mammals. He has announced an anti-mammal meeting at Grafton. Some one remarked about Turner not long since that he was within an inch of being a mammal, and within half an inch of being a mammal.

The papers are saying a good word for Morris, of the Ritchie Gazette, who has been named to a candidacy for the Senate by his admiring constituents. We shall be surprised to see Morris elected, though a time Gerrit Smith, who was a great good man like Morris, although a great deal was taken up in much the same way, was taken up in much the same way, was taken up in much the same way.

The ladies of Brooke county met at the court-house yesterday to make arrangements for conducting their department of the county fair. The fair promises to be one of unusual attractions this year.

A Wedding That Did Not Come Off.

West Alexander, Pa., August 30. A couple from Caldwell, Ohio, arrived here yesterday on the 2:30 p. m. train. They intended their way to "Squire Mayes" to have the knot tied, but upon stating their business, were politely informed by the "Squire" that he had received a telegram from the father forbidding the same, as the lady was under age. In the evening they procured a baroness and started for "Little Richmond," and were followed by Policeman Sutherland, of this borough, who arrested and brought them back to the Wheeling House, where they were guarded until the arrival of the father of the lady on the 2:30 train of to-day. At present writing, 4 p. m., the father and daughter left for the depot, followed by the intended groom. The latter is a dwarf and a tailor by trade. The lady was not looking.

John H. Hubbard. Mr. Hubbard has all the points of a strong candidate and with the proper effort can be elected. He is a man of great energy, vigorous common sense, clear head, and eminently practical. Of pure personal character and of unquestioned business and political honesty, the breath of suspicion does not rest upon his integrity. He is besides a workman in the true sense of that word, having been engaged in manual labor since his early boyhood, and knows, therefore, as far as it is possible for any man to know, the grievances of the great industrial classes, and the legislation required to remove them. While working with his hands Mr. Hubbard has not been idle with his head. He has studied the science of government and is as thoroughly posted on local and general politics as any man in the State. He is just the kind of a man demanded in the present peculiar condition of public affairs, fearless, persistent, able, practical and incorruptible. He can and must be elected.

## GRAFTON LETTER.

Republican Judicial and Legislative Conventions Yesterday.

Grafton, W. Va., August 30. Correspondence of the Intelligencer. A convention of the Republican party of the Second Judicial Circuit was held here to-day. John W. Mason was made Chairman and P. A. Rohrbach Secretary. Several counties not being represented, the convention adjourned to meet here on Saturday, September 7th. Hon. Edwin Maxwell, of Clarksburg, is likely to be the candidate. He is a man of considerable experience and fine ability. Should he accept the nomination he will be elected. It will be remembered that Hon. Thos. Harrison, the Republican candidate for Judge, carried this circuit six years ago (the last election for Judge), but was defeated by the place by Judge Lewis. The Board of Supervisors of West Virginia, in ascertaining the result of the election in that county, made an error of a hundred votes against Harrison in favor of the votes. This error was not detected until after the result of the election had been declared as required by law and reported to Gov. Jacob. A corrected report was forwarded to the Governor in a few days, but he held that the Board of Supervisors had no right to amend or correct its report. This one hundred vote error was reported to Gov. Jacob, and he held the office until the time of his death. The Democrats prize a great deal now-a-days about persons holding offices to which they were not elected, but here was a case where it was notorious that the holders of the offices were not elected by the people. No one ever pretended that Lewis received a majority of the votes.

## THE INTELLIGENCER.

What an Old Wheeling Printer (an Ex-Democrat, too) Says About It.

Editor Intelligencer.

I was really rejoiced to see the evidence of your success and prosperity as evidenced in the handsomely gotten up and neatly printed copy of the INTELLIGENCER, as it appears in new dress.

You have labored faithfully and unceasingly to make your paper interesting and sprightly, and I am sure you have succeeded nobly. I hope even greater success is in store for you in the future. Surely, with the modern appliances at hand, you are better prepared to serve your patrons.

I often think of you all and other kind friends in Wheeling, and wish them every joy.

We are nicely located here, have made many pleasant acquaintances, like the place and people, and are doing well.

See that John R. Hubbard goes to Congress. He is a jewel.

Again tendering my congratulations and best wishes, I am yours sincerely,

W. H. O.

## WELLSBURG.

Wellsburg, W. Va., August 30.

Correspondence of the Intelligencer.

Pursuant to a call issued by Mayor Caldwell, a meeting was held in the Court House on Thursday evening to take into consideration the raising of funds towards the relief of the suffering poor in the Southern States from the terrible scourge of yellow fever.

On motion, G. W. Caldwell was elected Chairman, T. H. Marks, Secretary, and Thomas Everett, Treasurer.

On motion, the following ladies and gentlemen were appointed to solicit contributions: Mrs. J. G. Jacob, Miss Annie Halley, Miss Mary Wylie, Miss Carrie Harris, Miss Daisy Crothers, Capt. W. R. Cope, Henry Haney and H. W. Crothers. The Chairman, Secretary and Treasurer were authorized to act as a committee to ascertain what point in the South is in the most need of funds, and to exercise their best judgment as to where to send the contributions.

From the time the meeting was not as large in numbers as it ought to have been, but what few persons there were present did well. Fourteen gentlemen gave an aggregate of twenty-five dollars and fifty cents.

The people of this part of the United States ought not to turn a deaf ear to the cry that comes up from the distressed sections of the South. While we are a favored people, living free from epidemics and pestilence we know not what hour that we may be destined to share the same fate as the people of the South.

The ladies of Brooke county met at the court-house yesterday to make arrangements for conducting their department of the county fair.

AT MEMPHIS.

MEMPHIS, August 30.—Wet and cool weather has prevailed since 2 p. m. yesterday, but how many it is impossible to state, owing to the fact that two physicians had reported to the Board of Health up to noon to-day.
